Kit Policy

This Kit Policy has been introduced to ensure **club identity**, **consistency** and **quality** throughout Alton Football Club.

Brand and Supplier

Alton FC's Official Kit Supplier is **OSL Clothing** in Bordon – kit@altonfc.com / 01420 472828.

Alton FC's chosen kit manufacturer is **Stanno**. The range can be viewed on the club shop at shop.altonfc.com, which is updated periodically.

All kit should be ordered on the website or directly with OSL Clothing, who can arrange kit customisations including sponsors' logos, numbers and initials if required. OSL can also advise of any new designs that may be available from Stanno.

An Alternative Choice

If for any reason a team would like to use an alternative kit supplier/brand, the Club has also approved Keep Attacking to design and produce kit using the Alton FC badge.

Teams are permitted to order directly from Keep Attacking; however, any communications and orders with Keep Attacking will not be the responsibility of the Club or its Official Kit Supplier. All kit designs require approval by the Club Executive Committee.

Home Kits

Alton Football Club teams play their home matches wearing a **white shirt**, **black shorts**, and **black/white socks**.

Home kits should be worn when playing at 'home' venues including the Anstey Park Enclosure, Diggers, Jubilee and other venues arranged by the Club.

Away Kits

Teams are permitted to play in their own choice of 'away' colours, in line with the brand and supplier details above. Away kits should only be worn at 'away' venues, not the 'home' venues listed above.

Any teams that fail to comply with the Kit Policy will face action that may include the withdrawal of kits that do not comply and/or further sanction.
